Program Results and Effect:

The mission of the Idaho Real Estate Commission is to regulate state licensing and education of real estate brokers and sales associates and to safeguard and protect the public interest by the fair and impartial administration of the Idaho Real Estate License Law and Rules. This is achieved in part through analyzing national market and regulatory trends; through net-working, collaborating, and cooperating with related industry groups; maintaining a working relationship with the Executive and Legislative branch of Idaho State Government and by disseminating current Idaho Real Estate License Law and Administrative Rules to our licensees. True professionalism in the global market of the real estate industry cannot be achieved by our licensees without a bench mark to establish and maintain minimum licensing competency.

Program Results and Effect:

The Commission strives to elevate the real estate industry to the highest standards possible through communication, education and the latest technology. The Idaho Education Council meets quarterly to outline recommendations for certification, monitoring, and analyzing appropriate pre-license and continuing education courses, instructors, and providers. These recommendations are presented by the IREC Education Department to our four Commissioners at their monthly meetings for final ratification and implementation. Our Education Department works continually at reviewing, analyzing, and making recommendations to maintain the quality and integrity of our programs. Ensuring the availability of capable and honest real estate providers, instructors and course materials is a public trust that the Commission accepts with the deepest sense of purpose and responsibility.

AGENCY: Real Estate Commission Agency Number: 429 FY 2003 Request FUNCTION: Real Estate Regulation Function Number: 10 Page <u>6</u> of <u>28</u>

ACTIVITY: N/A Activity Number: 00 Original Submittal X or Revision No.

Program Description: Goal 2: Assure compliance with real estate standar	ards and laws Authorization					
	State X Federal Other					
	Code Citation: 54-2001 through 54-4105					
	Non-mandated Priority No.:					
Major Functions	Targeted Performance Standard(s) for each Function					
Objective 4: To Review Regulated Business Activities and Practices	Strategy 1: Conduct office audits and inspections as warranted					
	Strategy 2: Monitor citation program					
	Strategy 3: Conduct Business Conduct and Office Operations courses					
Objective 5: Process Complaints Against Licensees in a Thorough, Timely	Strategy 1: Initiate investigation on verified complaints immediately					
and Efficient Manner						
	Strategy 2: Complete investigations and reports within six months, whenever possible					
Objective 6: Assure That License Applicants, Licensees and Consumers Receive Their Due Process Rights under the Regulatory and Disciplinary	Strategy 1: Establish and maintain a fair hearing process and administer the disciplinary pov					
Powers of the Statutes	the License Law within the procedures set forth in the Administrative Procedures Act					
	Strategy 2: Develop, maintain and monitor Public Records policy					

Program Results and Effect:

As a regulatory body, the role of the Commission is not to protect the industry or the profession that we regulate, nor to protect consumers. It is not the role of regulators to be advocates for either the profession nor the consumer. Instead, the role of the regulator is to protect the public interest. Protecting the public interest means assuring every individual=s right to justice and equal opportunity. Regulators protect the public interest when they deny the right to practice to the incompetent and unscrupulous. Regulators protect the public interest when they refuse to use licensing laws to advance the interest of private trade associations. Regulators protect the public interest when they encourage free and open markets.

The Commission pledges our best efforts to achieve impartiality and fairness in achieving this goal.

AGENCY: Real Estate Commission Agency Number: 429 FY 2003 Request FUNCTION: Real Estate Regulation Function Number: 10 Page 7 of 28

ACTIVITY: N/A Activity Number: 00 Original Submittal X or Revision No.____

Program Description: Goal 3: Effectively administer, monitor and improv	e licensing process	Authorization	Authorization			
		State X	Federal	Other		
		Code Citation	: 54-2001 through	54-4105		
		Non-mandate	d Priority No.:			
Major Functions	Targeted Performance Standard(s) for each Function					
Objective 1: To Provide an Effective Screening Process of New License Applications	Strategy 1: Process fingerprints through Idaho State Police and the FBI upon receip approved or rejected by both agencies					
	Strategy 2: Utilize ARELLO screening service	es for previous discip	olinary actions			
Objective 2: Verify Compliance with Licensing Standards	Strategy 1: Utilize Real Estate License Law and Rules and Commission policies to design and provide current application, renewal and change forms to solicit the appropriate information to ver compliance					
	Strategy 2: Process completed applications,	renewals and chan	ges efficiently			
	Strategy 3: Utilize available technology to prorequests for changes to licensing information	· ·		ees to submit		
Objective 3: Improve Records Management Process	Strategy 1: Manage records primarily by electronic means in an attempt to reduce hard copies, moving towards a nearly paperless operation					
	Strategy 2: Maintain and improve records management computer system					

Program Results and Effect:

Through the fingerprint screening of potential licensees through the Idaho State Police and the FBI, plus the additional screening report from the Association of National License Law Officials showing previous disciplinary actions, the Commission is fulfilling our responsibility to protect the public interest. Regulators also protect the public interest when we eliminate barriers that unreasonable limit entry into our field of practice. It is imperative that we administer fair and impartial application of license law standards. More and more of the functions of the Commission will be transacted through technology as the demand for online services increases. These services have been expanded to include license renewals; name and personal address changes; office changes and a real time licensee look up feature that allows the consumer to verify the status of their real estate professional.

Program Results and Effect:

The Commission will continue the customer-oriented consciousness that will ensure continuous improvement in the quality of service provided and the fulfillment of our agency mission. We envision pre-license and continuing education courses on-line will become the norm. Students educational scores will be posted directly to their account from the educational providers, whether than be the >on-line= or >brick and mortar= schools. Undoubtedly one of the greatest challenges will be the ability to respond to the technological changes in the industry with the limited staff and resources available to the Commission. We must continue to act in a fiscally responsible manner to generate revenue to support the necessary programs and have adequate spending authority to be prepared to respond appropriately as the industry and market change. Management remains acutely aware that the Commission=s greatest resource is its people and we will continue to educate and train our staff to the best of our ability as well as monitoring the applicable employment laws for their protection.

Objective 1: Disseminate Information Addressing Subjects of Special Interest and Concerns to Licensees and Consumers	Strategy 1: Develop and distribute educational new with a schedule of courses to be held during the	ensees semiannu	ally together		
	Strategy 2: Develop and maintain items of consumer interest including but not limited to; <i>The Investigative and Hearing Process, Consumer Information on Buying and Selling Real Estate</i> , Agency Representation and Candidate Information Bulletins				
	Strategy 3: Establish, upgrade and maintain Corconsumer information and searchable licensee		with pertinent lic	ensure and	
Objective 2: Respond to Consumer Inquiries in a Consumer-Oriented Consciousness	Strategy 1: Respond to Public Records requests in mandated time-frame				
Consciousness	Strategy 2: Provide public with references to other departments and organizations as appropriate				
	Strategy 3: Provide real estate information to the public through a Aconsumer@ brochure				
	Strategy 4: Continue to work in conjunction with the Idaho Association of REALTORS7, the Idaho Housing and Finance Agency, the Department of Education and the Governor=s office to promote a home buying education course to be used in Idaho high schools				

Program Results and Effect:

The Commission publishes and distributes an educational newsletter, the Real Estatement, on a semi annual basis. This publication is mailed to every licensee in the state of Idaho and relays to our licensees the very latest nationwide trends and issues. As a service to consumers, publications such as the Investigative and Hearing Process, Agency Representation brochures, Candidate Information Bulletins, Underground Storage Tank information, Consumer Information on Buying and Selling Real Estate, is made available at our office as well as the Commission web site. Consumers as well as licensees are now able to check on the status of a licensee by accessing the searchable license base on our web page. In conjunction with the Idaho Association of REALTORS7, the Idaho Housing and Finance Agency, the Department of Education and the Governor=s office, we developed a home buying education course to be used to educate our high school seniors on the real estate market.

ľ

Program Results and Effect:

As the regulatory agency for real estate, our office receives many consumer calls regarding real estate transactions. Often times, we are unable to assist them so must refer them to other agencies for assistance. Because of the volume of such calls, to better serve the public interest as well as to create a >one stop shop= atmosphere, we envision the creation of the Department of Real Estate or the Department of Housing as a fully functioning umbrella self governing agency, for public protection for all aspects of real estate. We envision such entities as appraisers, escrow companies, title companies, mortgage brokers, property managers, builders, home inspectors have the potential to be regulated under this agency. The consumer deserves to be served in a more appropriate manner by an agency whose sole purpose centers around housing needs. We are willing to work with any and all agencies to start the dialogue on this issue.
